

Clef Reference Chart

The chart displays three staves of musical notation, each with a different clef: Bass Clef (bottom), Tenor Clef (middle), and Treble Clef (top). The notes are organized into three main sections:

- Open strings:** Indicated by yellow vertical bars, this section shows the natural pitches of the strings for each clef.
- 4th Position:** Indicated by a light blue vertical bar, this section shows notes fretted at the 4th fret.
- Harmonics:** Indicated by a light red vertical bar, this section shows natural harmonics for each clef.

Vertical dashed lines connect the notes across the staves, showing the relationship between the same pitch in different clefs. The labels 'Open strings', '4th Position', and 'Harmonics' are placed below their respective sections.
